APPROXIMATION PRIZES. The two preceding and succeding numbers to those drawing the first 53 Prizes, will be entitled to the 212 Approximation Prizes. For example:—If ticket No. 1250, draws the \$50,000 prize, those tickets numbered 11248, 11249, 11251 and 11252, will each be entitled to \$500, and so on according to the above scheme. If ticket No. 1 should be drawn, the approximations would be \$2, \$4,9999 and 50000. If ticket No. 50000 should be drawn, the approximations would be \$4998, \$4999, 1 and 2. If ticket No. 2 or 49999 should be drawn, the approximations will be on the same principle.

PLAN OF THE LOTTERY. the approximations would be 48998, 49999, 1 and 2. If ticket No. 2 or 49999 should be drawn, the approximations will be on the same principle.

PLAN OF THE LOTTERY.

In the above scheme there are 50,000 tickets, numbered from 1 to 50,000. There are 135 full Prizes and 212 Approximations; and 25,000 Prizes, determined by the drawing of the Capital Prize, making in all 25,365 Prizes.

The numbers from 1 to 50,000, corresponding with the numbers on the tickets, printed 2 on separate slips of paper, are rolled up and encircled with small tin tubes, and placed in a Glass Wheel.

The amounts of the different 158 full Prizes, similarly printed and encircled, are placed in another wheel. After revolving the wheels, a number is drawn from the wheel of numbers, and at the same time a Prize is drawn from the other wheel by boys who are blindfolded. The number and the Prize drawn out are opened and exhibited to the audience and registered by the Commissioner, the Prize being placed against the number drawn. This operation is repeated until sil the Prizes are drawn out The drawing is then printed, and after comparison, the Commissioner certifies to its correctness. The 25,000 Prizes of \$5 each, are determined by the number which draws the highest Capital Prize, (\$50,000.) If the number should be an odd number, then every odd number ticket will be entitled to \$8. If an even number, then every even number ticket will be entitled to \$8. If an even number, then every oven number ticket will be entitled to \$8. If an even number, then every oven number ticket will be entitled to \$8. THE ALMS HOUSE .- Mr. G. C. Davis, who was lately sent to the Alms House, and who was permitted to leave at his own request, complains to us bitterly of its management. He avers that while there he was not given enough food to sup port life, but he makes no complaint as to its be ing unwholesome. He says that those who are in the establishment are actually suffering on the account named. He further states, that those who are able to work are engaged in laboring or the house of the Superintendent, which is some distance from the Alms House.

An investigation of the affairs of the institu tion, under these circumstances, would be emi nently proper, and if such evils exist, those who are guilty should be exposed. An investigation, at all events, can do no harm, and may result in permanent good to these poor unfortunates. Justice and humanity alike demand it.

CITY COUNCIL. - Both Boards of the City Coun al, after a year's service, in which nothing o startling importance has been done, adjourned ine die last night.

The Common Council passed a resoulution re uiring the Jeffersonville Railroad Company to give to the city a mortgage to secure the payment of the issue of \$200,000 of city bonds for the benefit of said road. The resolution was referred in he Board of Aldermen.

A resolution passed both Boards, instructing the Mayor to inquire whether the clock, which is now on the Fourth-street Baptist Church, cannot be placed on the court house, it being property of A large number of taverns and coffee-houses

were licensed.

The furniture advertised to be sold at Spen cer's auction rooms this morning, is by far the finest lot he has had for a long time; indeed, we doubt whether finer or better furniture has ever been sold at auction in our city. Since his advertisement he has received a Nunns & Clark's piano, several new wardrobes, and other articles, which will be included in the sale. A rockaway carriage and a pacing poney is also to be sold to-day. We confidently advise all who want really good and desirable furniture, and other articles, to attend Mr. Spencer's sale this morning. A lot of peach trees are also to be sold.

A WORD TO THE CHILDREN.-The Children's Mass Meeting was very largely attended on last Saturday morning, but we hope to see a much larger number present to-morrow. The Young Men's Christian Association has

purchased a supply of "The Anniversary Hymns" which the children all love so well. As on last Saturday, tracts will be distributed at the close of the meeting. Every child shall have a tract. MAN KILLED .- The accommodation train on the Louisville and Nashville railroad for Green river, which left here at ten minutes before 3 o'clock yesterday, ran over and killed a man, supposed to be a laborer, about three miles out. So far as could be ascertained he was lying on the track lengthwise of the rail, and was not observed until the engine struck him. The body, which was terfibly mangled, was brought to this city to await

THEATER-A SPLENDID BILL. - The bill presented to-night, for the benefit of Miss Vandenhoff, is the best ever offered at the Louisville Theater. It consists of Shakspeare's play of "Henry VIII," with Miss Vandenhoff in her admirable character of Queen Katherine, and Mr. Swinbourne as Cardinal Wolsey. It has been seldom played here. This will be followed by four acts of "Ingomar," in which both the beneficiary and Mr. Swinbourne appear. Such attraction as this should crowd the Theater from pit to dome.

ARREST OF A COUNTERPRITER.—Wm. Bowden, of Pittsburgh, was "pulled" yesterday on the wharf by Policeman Bligh, as a suspected felon. On examining into the state of his finances, two \$5 counterfeit bil is on the UnionBank of South Carolina were discovered. He was committed to jail that he might account for the possession of such which have just been gotten under the superintendence of our Mr. Oberndorfer, in New York. In the OLOTHING TRADE it is an entirely new feature to find a new and select stock that does not show the traces of inexperience. Our Mr. Oberndorfer, however, is not only acquainted with the Eastern markets, but he combines therewith a thorough knowledge of our home wants, and has thus been enabled (in taking the place of the late deceased Lowenthal) to get up an assortment that will at once convince every judge that fitness for our market, taste, variety and cheapness, have all been held strictly in view during the process of manufacture.

Our Candidates. The gentlemen whose names are presented by the Democracy as candidates for the several mu-

nicipal offices at the election to-morrow, are in every way deserving and worthy of the confidence and support of every good, conservative, and lawabiding citizen. If they are elected, people abroad will accept their success as a token of the inauguration of a new order of things in Louisville. They will regard it as an unmistakeable declaration that law, and order, and justice, have again assumed sway here, and that henceforth, full, ample and adequate protection to the person and property of every good citizen, whether native born or of foreign birth, will be secured. We daily see evide nees that our beloved city is throwing off the skackles that for several years have fettered her energies and rendered inoperative her great national advantages, and we are convinced that with the confidence that would arise, both at home and abroad, by taking the management of city affairs out of the hands of the miserable partisan leaders who have been using it for their own base and selfish purposes, Louisville during the next two or three years would increase, prosper and flourish beyond all precedent. Every good citizen, every property holder, every merchant, manufacturer, mechanic and clerk, is directly and personally interested in the honest administration of the affairs of the city, and we invoke the first out of the miserable partisan leaders who have been using it for their own base and selfish purposes, Louisville during the next two or three years would increase, prosper and flourish beyond all precedent. Every good citizen, every property holder, every merchant, manufacturer, mechanic and clerk, is directly and personally interested in the honest administration of the affairs of the city, and we invoke the Kentucky being not less than his—that we both and abroad, by taking the management of city afaid which they can so effectually give to-morrow to secure it. Our candidates are good men and true, who will,

f elected, serve their constituents faithfully and zealously, having an eye solely to the public good and studiously rejecting every attempt to prosti tute our municipal affairs to partizan or political

Hon. John Joyes, candidate for Mayor, is intimately known to the community. He is well informed as to all matters pertaining to the city, and his enemies will admit he is possessed of administrative abilities of the highest order. He is intelligent, bold and firm, and no outside pressure or influence could induce him to deviate from what he believes to be his duty. He possesses quali. ties which at this time, especially, it is highly desirable the chief executive officer of this city should possess. He will, if elected, be certain to hold the police to a rigid accountability for the performance of their duty, instead of permitting their time to be occupied in doing the dirty work of unscrupulous party leaders. His opponent, Mr. Crawford, we are happy to say, is a most excellent and deserving gentleman, in whose integrity we have every confidence. He lacks nerve, however, and eing over-amiable in his disposition, and averse to controversy or difficulty, he gives too free reign to the bad men who have controlled his party to the injury of the city for so long a time.

For City Attorney, Mr. Wm. E. Woodruff is our candidate. He is competent, reliable, honest and worthy.

The same be said of Mr. John A. Fisher, candidate for Auditor. He has been a clerk in the postoffice for several years, where his attention and unvarying politeness have made him universally popular. He is an excellent accountant, will al. ways be found at his post attentively discharging his duties, and has a character without stain or blemish.

Mr. Wm. A. Cocke is an energetic business man, and will make a most excellent Assessor. He is popular and esteemed by all who know him. For City and Railroad Tax Collectors, better

en could not be elected than T. T. Summers, G. T. May, W. S. Roberts and D. B. Fonda. They are faithful and reliable, and all of them gentlemen of the best characters. Mr. Summers, who some years ago was Tax Collector, was one of the best and most prompt officers the city ever had. Jesse Talbot and Thos. J. Osborne, for Street In-

spectors, will make good officers. For one thing we will vouch-they will never exact atax of one dollar per head from the poor men whom they mploy, to use as a corrupt electioneering fund. The Presidency.

We have heretofore noticed the fact tha many of the Democratic papers in this State have expressed a decided preference for the nomination of Hon. James Guthrie for the Presidency in 1800. No compliment was ever more worthily bestowed, nor could the future bring more gratifying intelligence to us, concerning political matters, than that the distinguished Kentuckian above named had been appointed by the great Democratic party of the Union to lead their hosts to battle and to victory. We heartily approve of the presentation of his claims by the press of his State, and the patriotic motive which induced it; but, with all due deference to the judgment of one of our most influential organs, we think it questionable policy to attempt to advance Mr. Guthrie by placing another party chieftan no less distinguished and

to attempt to advance Mr. Guthrie by placing another party chieftan no less distinguished and meritorious in an unfair attitude.

It is true that Maj. Breckinridge is not a candidate for the Presidency, and he may have said that he did not wish his name to be presented to the Charleston Convention; yet his friends may have something to say on the subject. He was not a candidate for the Vice Presidency in 1856, nor did he wish his name presented to the Cincinnati Convention. It was presented, however, Kentucky being not less than his—that we both advocate the claims of the two distinguished Kentuckians above named without partiality, thus taking the main chance to secure our object. What does he say to the suggestion?

We copy the above article from the Frankfort Yeoman, and in reply to the direct question put to us, state that we are in favor of Mr. Guthrie for the Presidency, over all others; and we cannot see how our wishes in that respect can be promot ed by the plan proposed by the Yeoman. We have not sought to advance Mr. Guthrie by "ignoring" or placing any other in an "unfair attitude." Mai. Breckinridge is understood to be avowedly a candidate for the U.S. Senate-a position but little inferior in dignity to that of the Presidency-a theatre admirably suited to his brilliant young talents, and one seldom attained by a statesman of his age. Is it the desire of Maj. Breckinridge's friends, whilst claiming for him a place in the Senate, to make at the same time an issue for the people against the wishes of Mr. Guthrie's friends as to the Presidency?-If so, are not Mr. Breckinridge's friends the parties who are placing him in "an unfair attitude!

We do not perceive, under the circumstances, the propriety of his friends putting up his name for the Presidency without his consent and against his expressed wishes, because of the assumption made, that if nominated at Charleston, he would accept. The proposition of the Yeoman does not in our opinion, reflect the usual sagacity of that paper. Such a course as it suggests might have the effect of preventing the nomination of Mr. Guthrie, but could not in any way aid in securing a President to Kentucky.

Candidate for Congress in the Eighth District [Correspondence of the Louisville Courier.]

Nicholasviles, Ky., March 25, 1859 Mditors Louisville Courier: The Democracy of the Eighth District are without a candidat yet .-They, however, look to our gallant James B. Clay to make the race. We sincerely hope he will consent to run, inasmuch as he made such an excellent canvass before. He is universall popular
with his party, and who but himself can again
conquer the noxious growth amongst us, known
as the Opposition? We hope a convention will
soon be called, and that the delegates will give to
Clay the nomination by acclamation. We would
suggest that Nicholasville be the point of holding
said convention, inasmuch as it is an accessible
point the district, and her Democracy ought to
have a compliment of this kind. They are as
loyal a'set of fellows as ever done battle for the Union. Nicholasville is easy of access by the different
counties in the district, being situated at the terminus of the Kentucky Central Raitroad. Harrison, Bourbon, Fayette, Franklin and Woodford
are all touching railroads, so that they can make
the trip in a few hours. Nicholas county alone is
exempt from the facilities of a railway, not being consent to run, inasmuch as he made such an extail of the candidates for Aldermen, Common Councilmen and School Trustees. The names of these adjacent to the Covington & Lexington Railroad Her delegates would on any emergen employ other conveyance to get to the road. What say the Democracy of the Eighth? Will they let the Democracy of Jessamine enjoy their presence able and conservative of our citizens. In a General in their own town? We have latch-strings-they

Auditor Pope-His Card. In the Journal of yesterday, we find "a card" from our City Auditor, which he terms an "appeal to the citizens of Louisville." The Auditor omplains that he "has been made the object of misrepresentation and attack in the columns of the Louisville Courier." We are greatly surprised that Mr. Pope should charge us with misrepresenting him. We certainly have never misrepresented him in the slightest degree, and we it. On the contrary, we offered weeks ago to Mr. Pope the use of our columns for the purpose of Mr. Magoffin. vindicating his report. He did not avail himself of our offer, but he did tacitly acknowledge the justness of our criticism, by withdrawing his said

avers that we have misrepresented him. In what respect, Mr. Auditor? We stated that effect. your first report contained gross errors, and that no one could gain an accurate knowledge of our city affairs by its perusal. Was that statement incorrect? Were there not errors in the report? If not, why did you withdraw it and publish another? We have stated that you had published two reports. Was that incorrect? Was that misrepresenting you? We have also stated that your second report was as vulnerable as your first, and so it is. Any school boy can see that. Then, where is the misrepresentation?

report. He made yet another report, which we

As a private citizen, we certainly have not "attack ed" our Auditor. He is a gentleman for whom personally we entertain the the highest respect, and we have never insinuated aught against his hon esty, but have insisted and do insist that, as a city Auditor, he is wholly incompetent. For proof of this, we have only to refer to his official eport, numbers one and two.

bonds to explain away the \$3,000,000 which the Know Nothing city officials have collected and squandered in the last five years. He evidently porrowed this bright idea from the Journal. We have never charged the city bonds to Know Nothing extravagance. Some of them are older than the order of Sam and the present Know Nothing city government. Were we to add the city bonds to the \$3,000,000 squandered by our city officials, it would swell the sum to \$6,000,000. To get behind these city bonds to hide from public execration, is a most pitiful way of dodging responsibility. Besides a long row of figures concerning the city bonds, the Auditor goes into the street paving contracts in extenso.

It strikes us as a little odd that the Audito should volunteer to defend the General Council from our charge of extravagance. We have never prejended to hold him accountable for the misdeeds of the Coancil. His duty is to give the citizens of Louisville a fair exposition of their acts and of the financial condition of the city .-Our complaint against him is, that he has no done so. He had better bend the energies of his mind to the plain duties of his office, and give us a correct report of the condition of our city finances, and leave the defense of the City Council to themselves and to their organ, the Journal.

The Auditor concludes his card thus: "I shall answer nothing more that may ever hence appear in the papers against me." A most wise conclusion, for his "card" shows most conclusively that he is not a good enough attorney for the manage-

The old and silly charge of the Journal, that the Courier is opposed to the prosperity of Louisville, is too ridiculous to require a denial by We have ever been a true and consistent friend of Louisville, and it is our friendship to Louisville that induces us to labor for the removal of the corrupt dynasty which has fastened itself like a vampire to the vitals of our city, and is sucking from Louisville its very life blood. The prosperity of Louisville and its corrupt municipal government are at variance. One or the other must fall. We take the side of the city, and oppose its bitterest and most deadly enemy, the Know Nothing city government. The Journal takes the side of the city officials, and accuses us of injuring the city, because we publish to the world the malfeasance of the Journal's pets. In this consists our alleged offense. We have done nothing but to point out to our citizens the corruption and wasteful extravagance which characterizes our municipal government. The Journal says that such an exposure will injure the prosperity of the city, thereby admitting that our city officials are a disgrace to Louisville. Well, such being the fact, which is the true policy, and which the office of a true friend of Louisville-to expose the corruption of our city officials, and seek a removal of the disgrace, as the Courier has done, or like the Journal, seek to cover up the errors of the City Council, deceive the people at home and abroad, and keep the present corrupt dynasty in power? There can be but one answer to this question by all true friends of Louisville .-"If thine eye offend thee pluck it out." The mem bers of the City Council of Louisville are a nui sance and a disgrace to the city. The Council, as now constituted, is a foul ulcer upon our body politic. We say remove it, and let Louisville go on in the high road to prosperity, and reach that point for which her local and commercial advantages so eminently fit her, and from which nothing can keep her, save the blighting mildew of Know

A STRONG ARGUMENT FROM AN UNEXPECTED Source.-The Louisville Journal of yesterday, in reply to our charge that the property of our city is assessed at a fictitious value, published a table of the value of property in different cities, including Louisville. By this table it appears that the highest value of ground per foot in Louisville is \$900, while in St. Louis it is \$2,000, in Chicago \$1,500, and in Pittsburgh \$1,000. Thus the Journal innocently furnishes the most damning proof of the disastrous effects of Know Nothingism upon our city prosperity that could be adduced. While other cities have advanced in prosperity and their real estate advanced in value, Louisville has stood still for five years. But while the prices of real estate in Louisville have not advanced, the taxes have nearly doubled under the misrule of Know Nothingism. Let the citizens of Louisville ponder well over this melancholy fact and its disgraceful cause.

Weeks ago we offered Auditor Pope the use of our columns for any defense or vindication he might desire to make of his reports. Why is it that he rests quietly under what he considers misrepresentations, until the eve of the election, and then comes out in "a card?" The thing has a queer look, and requires explanation.

The organ of the city officials of Louisville, stung to desperation by our exposure of the shortcomings of its pets, flounders about like a fish on dry land. Feeling the necessity of saying something, and knowing nothing in favor of the officials to say, it resorts to all sorts of devices to distract its readers from the true point at issue. In yesterday's issue, the editor of the organ puts up a poor mouth, and actually weeps over what he is pleased to term our "mean libel upon our city."— This is a favorite card with the organ of the Traeury-eaters. Whenever it is cornered it sets up the pitiful cry that Louisville is slandered by the truthful and scathing exposure of city corruption .-It publishes its lugubrious groans in moving cap-

dered prosperity of Louisville, like Rachel weeping for her children, and for the same reason. This shuffling mode of begging the questionwhich is always resorted to by the editor of the Journal when he gets in a tight place-is simply contemptible, and will deceive no one who does not want to be deceived. It is the mere trickery of an unscrupulous partizan editor, who has won some reputation as a political artful dodger, and

who believes that words were made to conceal facts as well as ideas. In all the pitiful, shuffling, and hypocritical

articles which the Journal has published about our city affairs, it has not, in one sin gle instance, fairly met the question at issue. It dare not meet and discuss it. The gross official malfeasance which rests a deadly incubus upon the prosperity of our city, is so palpable that it will not bear the slightest scrutiny, to say nothing of argument. All that is required is for the citizens of Louisville to examine their own municipal affair; for themselves, and not trust to the representations of a mercenary newspaper, the notorious organ of the officials, and not what it claims to be, the organ of the people. instant, says: We learn, by a private letter from Arkansas county, the particulars of a horrible murder, and the execution of the murderer, on Dr. Bell's plantation. A negro man having some unknown cause of enmity against the overseer, crept up behind him and, with an ax, struck the oversect. seer (Levi Lowery) on the head, the blade en-tering the brain up to the handle, and splitting the head entierly open-death of course ensuing instantly. The negro was immediately taken in custody by the constable. The night following, a number of persons assembled, and getting forcible posession of the negro, hung him to a neigh-

READ! READ! READ!—"Ye afflicted read," the following Certificate of a cure of over twenty years' standing:

H. T. Helmdold—Dear Sir: I have been troubled with an affliction of the Bladder and Kidneys for over twenty years. I have tried Physicians in vain. and at last concluded to give your Genuine Preparation a trial, as I had heard it highly spoken of. It afforded me immediate relief. I have used three bottles, and I have too totained more relief from its effects, and feel much better than I have for twenty years previous. I have the greatest faith in its virtues and curative powers, and shall do all in my power to make it known to the afflicted. Hoping that this may prove advantageous to you in assisting you to introduce the medicine.

GREATSALE OF TOWN LOTS IN ASHLAND, KY. Kentucky Iron, Coal and Manufacturing Company
Will make a Sale of Lots in the Town of Ashland, Ky.

ON ERIDAY AND SATURDAY, The 6th and 7th days of May, 1859. The 6th and 7th days of May, 1859.

SHLAND is in Greenup county, Kentucky, on the Ohio River, at the print where the Lexington and Big Sandy Railroad first strikes the valley of the Ohio.

Ashland was laid out in 1854, and contains three Churches, School Houses, a Fire Brick Manufactory, an extensive Cooperage, a Coal Oil and Paraffine Manufacturing Establishment, a Furniture Manufactory, a Bank and a Printing Office.

One great purpose of the Company is to aid in building up in Ashland a large manufacturing business, and to make it the seat and center of trade, which its position with regard to the great Iron and Coal region of Eastern Kentucky and Southern Ohio, should and must eventually command.

The Company own nearly two thousand acres of land, a part of which is river bottom, and the remainder hill land, containing coal of the best quality, out of which they are willing to mate liberal donations of sites for building and coal mining privileges, to parties desirous of engaging in manufacturing. The abundance of coal in the hill lands is such that this great requisite for manufacturing can be furnished in Ashland at the chappest that the the property of the Pig. in the hill lands is such that this great requisite for manufacturing can be furnished in Ashland at the cheapest rate; which, to ether with being the center of the Pig Iron Market, induces the Company to belleve that at no other point can the manufacture of Iron, in its various branches, be more successfully prosecuted.

Onnel Cost is foun! in great abundance in Greenup and Carter counties, on and near the Lexington and Big Sandy Railroad. This Cannel Coal is second to none for the parpose of making Coal Oil and Paraffine, yielding from 40 to 60 gallons per ton. The lands in which this coal is found, or the mining privileges, can be purchased at low rates. The vein of Cannel Coal now worked by the "Kentacky Coal Oil Company," (of Ashland) is from three to four and one-half feet in thickness. The facilities afforded by the Lexington and Big Sandy Railroad for delivering this Cannel Coal in Ashland, the abundance in a large portion of the country, and its richness in oil, offer great inducements to parties wishing to engage in distilling oils from Coal.

Several scaws of clay are also found in the hills around Ashland, and tack on the Railroad, which are admirably adapted for making Fire Brick of the best equality, the manufacture of which pays a large prefit.

If ship-builders, manufacturers of wagons, carts, carriages, and all other vehicles, of cabinet ware, chairs, and any other branches of trade, of which wood is the principal material, would visit Ashland and its neighborhood, no doubt many would promptly locate, and commence business.

In the space of an ordinary advertisement, all of the

normond, no dout many would promptly locate, and commence business. In the space of an ordinary advertisement, all of the dayantages of Ashland, as a great commercial and manufacturing point, cannot be fully set forth, and the Company invite personal inspection, satisfied that strict examination will only redound to their great advantage. In all sales of lots, and donations of real estate, the Company have resolved upon the incorporation of provisions in the conveyances against the sale of spirituuss or intoxicating liquors.

use or intoxicating liquors.

The terms of sale will be—One-third cash in hand, and the remainder in two equal payments, in one and two years, bearing interest from the day of sale.

Any information desired will be furnished on application to the President or Secretary of the Company.

1. It may be used equally well with hard or soft water.

2. It requires but half the quantity required of other Soap to accomplish the same object.

Solothes need no boiling and but little rubbing, thus avoiding their wear upon a washboard.

4. It requires less than one half the time and labor to do the washing of a family that it requires with the best family soap; it tends to set the colors, and does not injure the fabric.

5. It is unsurpassed for cleaning Points and

family soap; it tends to set the colors, and does not injure
the fabric.

5. It is unsurpassed for cleaning Pakats, and removing Tar, Grease, and Printers' Ink.

6. One pound will go as far for any use as three
pounds of Common Rosin Soap, or two pounds of best
Family Soaps.

Machinists, Printers and Painters, will find it an invaluable article for washing hands, as it does not chapbut softens the skin.

From New York. The steamship Northern Light brings later advices from Aspinwall, dating to the 22d ult. The Northern Light has on board 670 passengers, and \$137,00 in treasure. The dates from Valuation of the state paraiso are to March 1st. Another abortive at paraiso are to March 1st. Another abortive at-tempt at revolution was made at Valparaiso on Feb. 28th. The battle lasted for four hours re-sulting adversely to the patriots. The American Consulate was riddled with shots, being located in the vicinity of the field of battle.

The revolutionary movement through Chili has assumed a dangerously powerful and popular posi-tion.

By the arrival of an English mail steamer, important news from Greytown is furnished. The U. S. sloop of war Decatur having anchored in a cove near San Juan Del Sur, was mistaken for a fillibuster, and President Martinez, with 300 troops, immediately took possession of the Transit Route, to prerent the landing of the supposed fillibusters. On being apprized of the true character of the Decatur he retreated, but destroyed the bridges. In the reanwhile the French officers. bridges. In the meanwhile the French officers, with a force, crossed the lake to the river San Juan and seized the White steamers, and forcibly imprisoned the officers and crew. They had not been released when the steamer left. Forts Castillo and San Carlos are to be given up to M. Belly and his men for their headquar

Three of the treaties negotiated by Willian ore Ousely, British Minister, have been ratified. The workshops and houses on Punta Arenas, elonging to the Accessory Transit Company, have been swept away by the sea.

REAL ESTATE AT AUCTION.

BY the directions of Harvey B. Shanks, Assignee of Samuel C. Ely, we will sell at public auction (on the premises) on Friday the 1st day of April, 1879, at the hour of 12 o'clock, M., the life estate of said Samuel C. Ely, also said Ely's undivided one-fourth interest in fee simple (subject to the rig't of dower of his wife) in three several lots of ground and improvements, situate, lying and being in the City of Louisville.

The first part of which is the one on which said Ely now resides, and is described as follows, viz: Beginning at the southeast corner of Second and Broadway streets; thence with Broadway east 111 feet to H. D. Newcomb's line; thence with Newcomb's line about 288 feet to Jacob street; thence with Jacob street to Second street; thence with Second street 388 feet to the beginning.

The second and College streets; thence with College running west 200 feet to a 20 foot altey; thence north with said alley 40 feet; thence east 200 feet to Second street; thence south with Second street 40 feet to the beginning.

The third lot commencing at a point on Second street; thence onth with said alley 30 feet; to ne Decond and College streets; thence west 200 feet to a 20 foot alley; thence north with said alley 30 feet; thence east 200 feet to 8 coond street; thence with Second street south 30 feet to the beginning.

Transs of Sale—One-third of the purchase money cash

to Second street; thence with Second street sound to the beginning.

Teams of Sale—One-third of the purchase money cash in hand, the rest on credit of 6 and 12 months, with interest. The purchaser will be required to give good personal security, make the notes negotiable and payable in bank, besides a lien will be retained on the property until the notes are paid. The title to this property is doubtless good; the said Shanka will convey as Assignee only; the said Ely will however unite with him in making title to the purchaser.

Will destroy Garden Insects, Cockroaches, Be Bugs, Fleas Anis Moths, and all pests of the vermin kind. The importance of a reliable article of this kind is inestimable. In warm weather all nature teems with these amnoying fees. This powder is the only article ever discovered which will exterminate them. A company of botanists, from the Horticultural Society of Paris, while amidst the ferns of Asia, observed that all insects lighting upon a certain kind of plant very soon dropped dead. This fact was made use of to guard their night camps from these intruders. Quantities of the plant were brought home by Mr. E. Lyon, and found a positive insect destroyer in every experiment. It is simply a powdered leaf, chemically prepared to resist the effect of age and climate. Medals and Letters Patent have been obtained from the Governments of England, France, Germany, and Russia, from the World's Fair, and numerous medical and horticultural colleges, and societies.

These symptoms, if allowed to go on—which this medicine invariably removes—soon follows LOSS OF POWER, PATUITY, AND EPILEPTIC FITS—in one of which the patient may expire. Who can say that these excesses are not frequently followed by those dureful diseases—INSANITY AND CONSUMPTION? The records of the INSANE ASYLUMS, and the melancholy deaths by CONSUMPTION, hear ample witness to the truth of these assertions. In Lunatic Asylums the most melancholy exhibition appears. The countenance is actually sodden and quite destitute—neither Mirth nor Grief everyists it. Should a sound of the voice occur, it is rarely arrival to another with the medical control of the control unsteadiness in the flame. The Vesper Gas light is portable, and can be used in town or country—in fact, wherever artificial light is required. The fixtures themselves are adapted in styles to suit all tastes, from the plain single light burner to the most costly chandeller. Each chandeller is perfect in itself; there is no outlay to be made for service pipes. The gas is generated in the burner, and all fixtures, from the cheap single light burner to the expensive chandeller, are miniature gas works in themselves. They are sold at prices which do not exceed the cost of ordinary gas fixtures of similar styles and ornamentation. A price list will be sent to any address on application.

Artificial Light in the World.

THE Vesper Gas Light has won for itself a reputation for elegance, economy, safety and simplicity, far beyond any other artificial light. The Vesper Gas flame and fixtures precisely resemble in form those of coal gas; but in brilliancy and purity of light, it possesses a decided advantage over even Louisville coal gas. It requires no chimney; there is no need of daily trimming of wick; and the construction of the fixtures is so simple that it is not liable to get out of order, and a child can manage it readily. The gas burnt in the Vesper fixtures is generated from pure coal oil, without any admixture of alcohol or other foreign ingredient. It is entirely free from odor while burning, as, by a simple contrivance, the vapor of the oil is mixed with the atmosphere, producing perfect combustion and a most intense light. The light has been pronounced, by those who have had t in constant use for months, as most pleasant to the ye while reading or sewing, there being no flickering on insteadiness in the flame. The Vesper Gas light is port

THE RIVER is still receding fast, with only 63 feet water on the falls last evening for steamboats. In the channel there was 93/2 feet water by the mark, the river having fallen 14 inches in the previous 24 hours. The weather was clear and ol, with a heavy white frost, as we anticipated,

At Pittsburgh and Cincinnati the river continues falling fast, with the Kentucky and all other tributaries also falling, which precludes the ex-pectation of more water on the falls until another

The Ohio Belle, bound for New Orleans, passed through the Cincinnati chute last evening, being too heavy for the falls.

THE FLOOD IN THE LOWER MISSISSIPPI.—From the officers of the John Raine, from New Orleans, we learn that the flood continues to prevail, with fearful crevasses in every direction. They divert the flood, and will save the coast from inundation

Below Point Lookout, in the bend at the head island 95, there is a crevasse 1,000 yards, through which the water is pouring with all the fary of a mountain torrent. At Shipwith's land-ing the river is two inches higher than it was at any time last year. This is owing to the fact that the breaks in the levee at Hagaman's, and Point Lookout, just below, which were so disastrous last ear, are now closed, and the river is confined to

its banks.
On the other hand the river at Helena was fully two feet below the high water of last year. In the vicinity of crevasses the river was lower, but wherever the levees were intact the water was

At Col. White's plantation, on Friday last, while the work of a new leves was rapidly progressing, the waters broke through, scattering destruction in all directions. It is said to be the most disastrous crevesse that has yet occurred, and will prove very destructive to the surrounding plan-

We learn that within less than two hours after its occurrence, the waters had rolled back upon the plantation of Gen. W. Groves, Esq., two miles ove, and had driven the negroes from the works of protection on which they were engaged. It is impossible now to estimate the extent of the dis-

aster.
The Vicksburg, Texas and Shreveport railroad, which passes through Col. White's plantation, must be seriously damaged, as well as the parish of Madison and other parishes below. The river is rolling on with furicus power, and will continue onward in its devastating course through the garden of the State, until it meets the waters of Red

DEROGATORY-UNFAIR .- The New Orleans Picayune of last Saturday publishes a paragraph in reference to the new packet Duncan F. Keaner, crediting it to the Cincinnati Commercial. This would lead the readers of the Picayane to infer that the boat and item both were Cincinnati productions. This is unjust and derogatory to the fair fame of the boat. She was built here, and the paragraph should have been credited to the Louisville Courier. Will the Picayune be a little ore particular in future?

ENGLISH THIEVES ON THE RIVER—WHOLESALE ROBBERTES ON THE JOHN RAINE—LYNCH LAW— TRIEVES SWIMMING THE MISSISSIPPI.—From passen-gers who arrived on the John Raine from New Orleans, yesterday, we learn that a gang of adroit and bold thieves, or pickpockets, committed the most astounding robberies on the boat ever heard of. During the first night out, before the boat reached Baton Rouge, no less than thirty-one of the passengers were robbed of all the money and ventuables they had. Upwards of \$1,300 in money were stolen in addition to watches and other jewelry, creating the utmost commotion, and, in fact, consternation among the passengers.

consternation among the passengers.

Among those relieved of their hard-earned wages was Gus Seibert, a coalboat pilot, who, together with his crew and the crews of other boats, had taken deck passage on the Raine. Soon after he had retired to his cot for the night, and while he was asleep, his money belt, around his waist, was cut and the sum of \$540 stolen. Almost every one on the deck was visited in the same manner, and their clothes and pockets cut in the most approved style. Alcouncil of war, or rather search, was soon called among the deckers, after ascertaining their losses, and everybody was bout to be searched and examined. All apparently submitted to the test, except one

ellow, a strange looking customer, who when ap-proached to be searched ran and jumped overpard, and boldly swam for the shore. The boat was stopped, and a party started in pursuit, who cought the rogue just after he reached the shore. He had the most of the money with him, but nd together with his ill gotten booty, the stolen

seized two or three more suspicious chaps, includ-ng a boy, and threatened to kill them if they did ang a boy, and threatened to kill them it they did not confess to the robberies. They all maintained a stubborn silence, and finally the boy, who con-tessed that he was from Liverpool, and came on the boat with the fellow who jumped overboard, was taken, a rope placed round his neck, and every preparation made to hang him, yet he would not conies, and the extremity of lynch law was not resorted to. At this juncture the captured thief was brought on board, and convicted to run the gauntiet, have his head shaved, and to be stripped of all his clothing excepting his pants. These operations were summarily performed, and

The lettor rendered desperate by the unmerci-ful whippings he was receiving, or wholly reckless of his fate, again jumped overboard, first snatch-ing a hat from one of the darkies, and actually swam ashore the second time. He was seen to safely ascend the bank, and then he defiantly waved the stolen hat at the boat. There was no doubt that he and the boy were the adroit thieres who had relieved the passengers of their money. The greater portion of it was recovered, and the would advise him to let coalboatmen alone. CAIRO, March 29th, 11 P. M.

Inc. to be outdone, has "done" and revoked the late decision of the aforesaid local board in the case of Isaac Gough, pilot of the Madison, which was sunk by collision with the Iowa. The local board suspended the license of Gough, but the Supervisor has reinstated him after hearing all the evidence in the case, by which it is made to appear that Gough rang the backing bells of the Madison, but the assistant engineer failed to "back" her, but gave her a turn ahead. Then he ought to be turned out.

From Philadelphia.

PHILADELPHIA, March 21.—The New York Herald, in an editorial commenting on the important Nicaraguan news furnished by the steamer Northern Light, uses the following language: "It will be seen that President Martinez, of that Republic, has capped the climax of his hatred to the United States. All the transit river steamers have been seized, the bridges destroyed, Americans imprisoned, and the route thrown open to the world, From Philadelphia. States. All the transit river steamers have been seized, the bridges destroyed, Americans imprisoned, and the route thrown open to the world, wholly regardless of the rights of our citizens. When it is taken into consideration that these wanton acts were perpetrated immediately on the conclusion of treaties with England and Sardinia and the arrival of the French expedition, under M. Felix Belly, there can be but one opinion as to the necessity of prompt and decisive action on the part of our Government. Instructions should be immediately dispatched to our naval commanders to blockade all the Nicaraguan ports; General Jerez should be at once dismissed; General Lamar recalled and a suitable person sent to fill his place. The miserable Governments of the his place. The miserable Governments of the Central American States should receive a lesson effective enough to save all future trouble in that

The Times says the seizure of the boats of the The Times says the seizure of the boats of the Transit company is an invasion of American rights and a trespass upon American property, which cannot pass unchallenged. If the President proves true to his pledges, and General Cass maintains the doctrines of his letter to Lamar, we shall speedily have the wrangle brought to a close. The best thing the President can do is to recall Lamar, and send a competent man to take his place, and put one or two men-cf-war at his disposal. This whole matter has been trifled with too long already.

Nicaraguan Affairs. Thanks to the Fanny Bullitt for late New Orleans papers forwarded from Cairo. She has 148 hogsheads of sugar for Cincinnati.

The Gazel and Crescent City were due last night from Pittsburgh.

Nicaraguan Affairs.

Washington, March 31.—From all that can be learned, it is not unsafe to say that if the statements relative to Sir Wm. Gore Ousely's alleged action in Nicaragua are correct, he has violated, not only his own instructions, but the solemn understanding between the British Government and the United Siates. If the facts are as stated, the President will, it is said, notwithstanding the refusal of Congress to grant him extraordinary powers to protect the rights and property of cit-zens of the United States, exact a conformity with whatever may have been the written stipulations between the two governments, respecting Sir Ousely's mission. The recent outrage on the ves-sels of the Atlantic and Pacific Steamship Company was to day, brought to the attention of Government officials, who are reported to have said that the property of American citizens shall, and shall, be proceeded. The prospects now are that additional vessels will be dispatched to Nicaragua.

> Later from Vera Cruz. MOBILE, March 30.—By the arrival of the United States sloop-of-war Saratoga, at Pensacola on the 25th, advices from Vera Cruz to the 12th have

The Saratoga left at Vera Cruz the United States sloop of war Savannah, and two Spanish, four French, and four English vessels of war. Rumors of the internal war were very conflicting and therefore unworthy of reliance. Miramon i said to have sustained several defeats. His forces are not within striking distance. He is collecting his forces at Orizaba. The citizens of Vera Cruz are confident of the troops of Jaurez being able to beat off Miramon when the attack is made The Saratoga takes stores on board and will re turn to Vera Cruz without delay to relieve the Savannah.
